About Latinos in Virginian Empowerment Center

Our organization provides education, advocacy, and support to Spanish-speaking individuals in Virginia affected by violence, whether it be current or in the past, in order to ensure that they can access services that empower them to become happy, healthy, and self-sufficient.

We are here to help if you or someone you know is going through:

- Domestic violence
- Including child abuse or neglect
- Sexual violence
- Including human trafficking

Latinos in Virginia Empowerment Center strives to ensure that Spanish-speaking victims of violence do not hear the phrase "I'm sorry, I don't speak Spanish" when seeking help. We are the first and only victim's services agency in the state of Virginia that can guarantee all of its services are provided by bilingual, bicultural, and trained advocates.

What is Domestic Violence?

It is a pattern of behavior in any relationship that is used to gain or maintain power and control over an intimate partner. This can occur within families or between intimate partners.

DOMESTIC VIOLENCE CAN LOOK LIKE

ABUSE

What is sexual assault?

Sexual assault is any sexual act or unwanted contact. It can include touching, kissing, oral sex, anal sex, vaginal or other types of non-consensual sexual acts.

Our Commitment

Latinos in Virginia Empowerment Center is committed to creating awareness about violence, its impact on victims, and how to enhance services for these members of the Latino community. We also empower Spanish speakers in our community to become Victim Advocates themselves and learn about victims' rights through our free training programs.
